

Effingham County Health Committee

Meeting Minutes

December 06, 2017

Members Present: Doug McCain, Dave Campbell, Lloyd Foster

Others Present: Jeff Workman

Chairman McCain called the meeting to order at approximately 3:30 p.m. in the Effingham County Board Room.

Under ongoing business, the health department Administrator briefly explained the status of the Prevention Initiative Grant applications. Essentially, that staffing changes and some other factors prevented the health department from submitting an application for the SFY18 grants; but we are actively working on the SFY19 Illinois State Board of Education Prevention Initiative application.

Under new business, the importance of advertising the blood tests, flu shots and other health department services was stressed. The cost savings of getting the blood tests done at the health department are large and that service as well as others would likely be utilized much more if people were more aware of them.

Under general information, smoking cessation and Smoke Free Illinois programs were discussed.

Lloyd Foster moved to adjourn. Dave Campbell seconded the motion. Motion carried via voice vote.

The Committee adjourned at 3:52 p.m.

The next scheduled Committee meeting is at 3:30 p.m. January 03, 2018.

Respectfully Submitted:

Doug McCain
Health Committee Chair

Jeff Workman
Health Department Administrator
